Exporting pages and spaces to PDF and Word

You can export pages to **PDF** and **Word**.

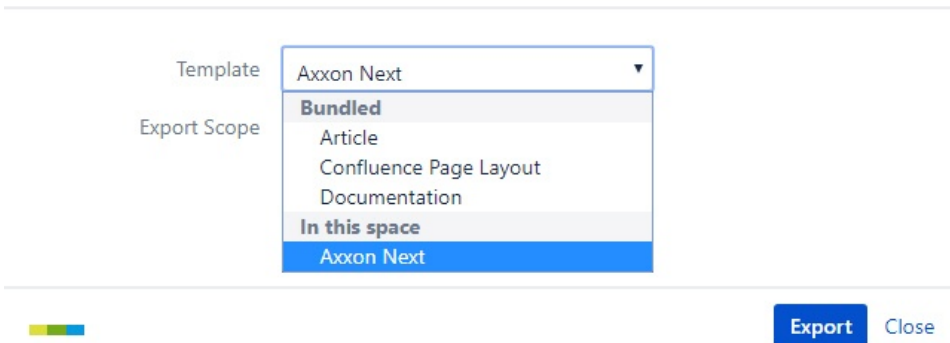

Any documentation pages can be exported to **PDF**. For this:

1. Go to the document's main page, e.g. [User Guide](#).
2. Select **Export to PDF** in the menu.

3. Select a template for export ! **From the In this space group only !** In some spaces (e.g. [AxxonSoft mobile Clients. Documentation](#)) there may be several templates, so select one of them.

4. Click **Export**.

The export starts, then finishes with automatic PDF download.

Moreover the current page can be exported to **Word** or **PDF**.

For this select **Tools -> Export to Word (PDF)** in the upper right corner.
